Portfolio: akprodromou.github.io

PERSONAL STATEMENT

I am a Data Analyst transitioning from a career as a Project Manager in the construction sector, with a track record of leading multidisciplinary teams and delivering complex projects on time and within budget. I use Python, SQL and D3.js to analyze and transform datasets, uncover patterns, and inform decision-making. Bilingual in English and Greek, I enjoy working in collaborative environments that encourage creativity.

WORK EXPERIENCE

- | | |
|----------------------------|--|
| Jul 2019 - Ongoing | Project Manager - Urban Soul Project, Thessaloniki, Greece <ul style="list-style-type: none">• Led multidisciplinary teams to successfully deliver projects ranging from €1M to €10M, ensuring completion within time and budget constraints.• Analyzed budgeting data and conducted contract negotiations to optimize strategies, reduce costs and improve efficiency across multiple projects.• Designed and implemented internal workflows that increased productivity, supporting the company's growth from 25 to 100 employees within 4 years. |
| May 2018 - Jul 2019 | Project Manager - The Modernist, Thessaloniki, Greece <ul style="list-style-type: none">• Planning, negotiation and coordination of material procurement and design within budget and timeline constraints for the launch of two new hotels.• Coordination and monitoring of internal work streams including marketing, sales and recruitment. |
| Jun 2015 - May 2018 | Structural Engineer - Archontis G. Mavrakis & Associates, Thessaloniki, Greece <ul style="list-style-type: none">• Structural studies and design, construction management and assessment of residential buildings, industrial spaces, and special structures. |
| Sep 2012 - Mar 2013 | Researcher - University College London (UCL), United Kingdom <ul style="list-style-type: none">• Applied statistical methods to analyze environmental performance data and contributed to UCL's evaluation for the UK Department for Education's consultation on "Strategies for Carbon Emission Management in School Buildings". |
| Mar 2010 - May 2012 | Environmental Consultant - Skelly and Couch LLP, London, United Kingdom <ul style="list-style-type: none">• Building environmental performance analysis and sustainable design to optimize energy efficiency and reduce carbon footprints. |

DATA ANALYSIS PROJECTS

Customer Churn Prediction – Telco Dataset

- Built a churn prediction model using Python (Scikit-learn, Pandas) on a dataset of 7,000+ customers.
- Engineered features and applied classification models (Decision Trees, Random Forest).

A/B Testing for User Completion Rates and Behavior

- Conducted an A/B test to evaluate the impact of a new user experience variation compared to an existing design.
- Analyzed completion rates, time spent per step, error rates, and drop-off rates using Python.

Google Analytics User Behavior and Revenue Analysis

- Explored traffic sources, devices, user types, geographic behavior, and session engagement metrics using SQL.
- Investigated bounce rates, landing page performance, average session duration by channel, and ecommerce funnel drop-offs.

EDUCATION

Sep 2024 - Dec 2025	MSc Data and Web Science Aristotle University of Thessaloniki, Greece
Sep 2008 - Sep 2009	MSc Environmental Design and Engineering ('Distinction') University College London, United Kingdom
Sep 2002 - Sep 2007	MEng in Civil Engineering ('Honors') Aristotle University of Thessaloniki, Greece

CERTIFICATIONS

- PM² Project Management Methodology - Advanced (European Commission)
- Agile with Atlassian Jira - Coursera
- Google Data Analytics Professional Certificate - Coursera
- Python for Data Science and Machine Learning - Udemy
- Data Visualization - freeCodeCamp

ACADEMIC PUBLICATIONS

Dasgupta, A., Prodromou, A., Mumovic D., 2012. Operational vs. Designed Performance of Low Carbon Schools in England: Bridging A Credibility Gap. HVAC&R Research, 18:1-2, 37-50.

Prodromou, A., Dasgupta, A., Jaffar, B., Curtis, L., Mulik, M., Chatzinasiou, L., Smith G., Demanuele C., and Mumovic D., 2009. Consultation on the School Carbon Management Plan: UCL Evidence. University College London.

TECHNICAL SKILLS

- **Data Analytics:** Python (Pandas, NumPy, Matplotlib, Seaborn), R (ggplot2, dplyr, tidyverse), SQL, ML (Scikit-learn), Tableau, D3.js
- **Programming & Web Development:** JavaScript, HTML, CSS, Django, MongoDB
- **Project Management Tools:** MS Project, Asana, Teamwork, Jira
- **Design Tools:** Adobe Suite (Photoshop, Illustrator, Premiere Pro, In Design, After Effects)

LANGUAGES

- **English:** Certificate of Proficiency in English, University of Cambridge (C2) (bilingual).
- **Spanish:** Diploma de Espanol como Lengua Extranjera (Nivel Superior), Instituto Cervantes (C2).
- **French:** Certificat Pratique de Langue Française (1er degré), l'Université de Paris Sorbonne (C1).
